## Environmental and Energy Achievement Award Category

Entrants to submit on initiatives, company actions and new business models that demonstrate a commitment to improving environmental performance and sustainability or energy management and efficiencies.

This category is open to companies who have plastics facilities located in New Zealand that have introduced systems, processes and company actions that have improved the environmental or energy performance of those facilities.

### **Please use the following as the template for your responses.**

Written information should include responses to each of the following criteria (if applicable) and in the same order as these criteria. Please attach diagrams, drawings, photos or other relevant information if appropriate.

**Please Note: If nothing to say in a section then leaving it blank is still valid.**

**If more room is required for any section, please add at the end and clearly show the section it relates to.**
