The annual Plastics NZ Conference brings the plastics industry together each year, enabling attendees to step outside their day-to-day activities and to work on their business rather than just in it. Covid disrupted our 2020 plans so we're keeping our theme of 'Positively Plastics' for 2021. Come and join together with industry leaders as we investigate topical trends across business, the environment and technical plastics. Get updates and learnings that will help you strategise and succeed in the future.
