

Criteria to become a Member of the Polyethylene Pipeline Industry Group

1. Companies/Organisations who manufacture or import pipe and fittings, supply polyethylene material or provide other related services (i.e. technical, consulting, training) to the New Zealand polyethylene pipe and fittings market can apply to become a member of the Group
2. Companies who market pipe and fittings products must demonstrate that these products meet recognised AS/NZS or Internationally recognised product standards through Third Party Product Certification by a JASANZ approved certifier. Equally the operation in which these products are manufactured has an internationally recognised quality accreditation (ISO 9001)
3. Applicants must agree to pay the applicable Plastics New Zealand subscription based on their subscription category – (NZ Manufacturer/Importer/ Corporate Supplier/Associate) and any special Group Funding approved by the Governance Board
4. All applications for membership require approval by the PE Industry Group Governance Board and Membership of the Governance Board is based on the Governance Board Rules.

If you would like Membership details please email info@plastics.org.nz.
